

**Spray  
Nine**<sup>®</sup>  
Brand

# EARTH SOAP<sup>®</sup>

**CONCENTRATED  
CLEANER / DEGREASER**

**Environmentally Friendly  
with Industrial Strength  
Performance**

Biodegradable

**A bio-based safe alternative  
to heavy solvents and caustic  
cleaning products!**

Spray Nine<sup>®</sup> Earth Soap<sup>®</sup> is a powerful non-solvent, water-based concentrate with a mild pH (9.8) designed for heavy duty cleaning. This bio-based cleaner is made, in significant part, of renewable farm crops containing a sugar based surfactant from corn and vegetable oil. Characterized as a low foaming concentrate, Earth Soap has corrosion inhibitors that make it ideal for use through pressure washers, automatic scrubbers, and traditional or heated parts washers (metal or plastic at temperatures up to 180°F). It can also be used for manual cleaning applications. Earth Soap removes dirt, grease, carbon, oil, adhesives, soot, smoke, stains and much more!

*Earth Soap is made with you and the environment in mind...*

- Biodegradable, Water Soluble Solution
- VOC compliant formula in all 50 states
- Non-Flammable, Non-Carcinogenic, Non-Corrosive, Mild HMIS<sup>®</sup> Rating

**Earth Soap.... the Biodegradable Cleaner  
that really works!**

**Permatex<sup>®</sup>**

## Concentrated Cleaner / Degreaser

### Use on:

- Vehicles
- Engines
- Machinery
- Tools
- Workbenches
- Garage Floors/Walls
- Metal / Plastic Parts
- Appliances
- Countertops
- Exhaust Filters
- Grease Traps
- Exterior Siding
- Fiberglass
- Dies / Molds
- Carpets
- Painted Surfaces
- Bathroom Fixtures
- Tanks
- Equipment

Prior to use, dilute this powerful concentrate according to the guide below:

### RECOMMENDED DILUTION LEVELS

Dilution levels will vary depending on the type and amount of substance being removed and the type of surface being cleaned.

Application	Dilution Ratio (Product / Water)
Light Soils.....	3 oz. / Gal.
Moderate Soils.....	6 oz. - 21 oz. / Gal.
Heavy Soils.....	26 oz. / Gal.
Pressure Washers / Automatic Scrubbers.....	6 oz. / Gal.
Traditional & Heated Parts Washers (Up to 180°F).....	6 oz. / Gal.

**DIRECTIONS** Note: Some surfaces are inherently sensitive to cleaners.

Spot test on ALL surfaces before use. Do not inhale mist. Use with adequate ventilation.

1. Dilute product to proper ratio for soil to be cleaned.
2. Apply to soiled surface.
3. Rinse immediately or wipe with clean, damp sponge or cloth.

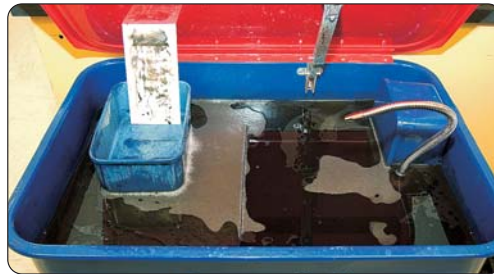

Biodegradable

**Low Emulsifying** – Earth Soap is a low emulsifying formula that allows easier reclamation and recycling when used in conjunction with oil / water separators and other pollution abatement systems.

**The Leading Green Cleaner**  
Simply can't cut it...

**Spray Nine Earth Soap**  
Better Cleaning • Less Foam • Rust Inhibitors

### Environmentally Safe, Contains NO

1,1,1 Trichloroethane, Solvents, Butyl, Free Acids, Free Alkalis, Phosphates, Ozone Depleting Chemicals, Phenolic Compounds, Ingredients reportable under Sara Title III, Targeted chemicals listed in EPA's 33/50 Program
