

Finally, a tire shine that doesn't tire...

No Touch® Turbo Wet™

Shine on and show off!

The ultimate longer lasting tire shine...

No Touch® Turbo Wet™ outlasts and outshines leading competitive tire shines up to 4 times longer. Specifically developed to meet the needs of the most demanding car enthusiasts, Turbo Wet™ is a high-tech formula that delivers a durable and extreme high gloss wet finish. The shine is so durable, it can withstand rainfall or even a run through the car wash. This self-healing formulation retains its finish even after light scuffing. It also protects tires against UV damage, ozone and cracking.

Turbo Wet™ application is made easy with its precision nozzle to minimize overspray. It sprays on clean and dries on wet for an extreme high gloss shine.

Whether your ride is a classic, tuner, muscle, luxury or daily driver, your tires should look good too. Dress them up with Turbo Wet™. *Just spray and walk away.*

NO TOUCH®
Spray on the Love!

Turbo Wet™ Tire Shine

NO TOUCH® Turbo Wet...durable shine, lasts a long time.

Turbo Wet™ Longer Lasting Tire Shine delivers unmatched results.

Methodology: Testing was conducted on tires over 5 weeks. Tires were exposed to the same mileage and natural weathering elements including rain and ultraviolet light. Performance was measured utilizing a high resolution handheld surface analysis system that measures gloss levels on flat and curved surfaces. It provides numerical values for rating gloss finishes on tires.

Features & Benefits

- Delivers a longer lasting wet shine
- Withstands rainfall and car wash
- Lasts up to 4 times longer than leading aerosol tire shines
- Retains its finish after light scuffing
- Protects tires from UV damage
