## Technical Data Sheet

# Permatex® Ultra Rubber Gasket Sealant & Dressing

AAM Revised 02/19

### PRODUCT DESCRIPTION

Permatex® Ultra Rubber Gasket Sealant & Dressing is a grey polymeric compound that forms a seal by solvent evaporation. It is a non-hardening, soft, pliable paste with an alcoholic odor. Ultra Rubber Gasket Sealant & dressing is developed for use on cut or molded rubber gaskets to hold them in place during reassembly. The product allows for unlimited repositioning.

### PRODUCT BENEFITS

- No measuring or mixing
- Eliminates “slippery” rubber gaskets
- Non-hardening for easy assembly and disassembly
- Resists common automotive fluids
- Corrosion, temperature and vibration proof
- Temperature range –65°F to +400°F

### TYPICAL APPLICATIONS

- Automotive gasketing applications that require either cut rubber or molded rubber gaskets.

### DIRECTIONS FOR USE

1. Clean flange surfaces thoroughly.
2. Apply a thin film of Ultra Rubber Gasket Sealant to all sides of gasket.

3. Allow to air dry for a few minutes until tacky.
4. Assemble and tighten.

### PROPERTIES OF UNCURED MATERIAL

	Typical Value
Chemical Type	Polymeric material
Appearance	Grey paste
Odor	Alcoholic
Specific Gravity @77°F (25°C)	1.3
Viscosity	Paste
Flash Point, TCC, °F	134

### Chemical / Solvent Resistance

The product retains effective properties in contact with automotive fluids, such as fuel, motor oil, transmission fluids, alcohol and antifreeze solutions.

### GENERAL INFORMATION

**This product is not recommended for use in pure oxygen and/or oxygen rich systems and should not be selected as a sealant for chlorine or other strong oxidizing materials.**

**For safe handling information on this product, consult the Material Safety Data Sheet, (MSDS).**

### ORDERING INFORMATION

Part Number	Container Size
85409	1.0 oz. tube, carded

### STORAGE

Products shall be ideally stored in a cool, dry location in unopened containers at a temperature between 8° and 28°C (46° and 82°F) unless otherwise labeled. Optimal storage is at the lower half of this temperature range. To prevent contamination of unused product, do not return any material to its original container.
